Email \_\_\_\_\_

### REGISTRATION FEE

Member \$175

Non-Member \$250

### PAYMENT METHOD

Check  VISA  MasterCard  Purchase Order

Account Number \_\_\_\_\_

Expiration Date \_\_\_\_\_

Signature (as it appears on card) \_\_\_\_\_

**CANCELLATION POLICY** - Prior to August 6, 100% refund; August 6-20, 50% refund; After August 20, no refund. Cancellations must be in writing.

**If paying by check**, mail completed form, along with full payment to:  
IACP Fall Conference  
10293 North Meridian Street, Suite 175, Indianapolis, IN 46290

**If paying by credit card**, fax completed form to 317.816.1633

To make discounted lodging reservations, call the Crowne Plaza at 317.631.2221 by August 6.

Hotel room cancellations **are the responsibility of the individual**, and must be made 72 hours in advance of arrival. Cancellations made less than 72 hours prior to arrival will be charged for the first night's room and tax.

**CALL 317.816.1619 FOR MORE INFORMATION**

### INDIANA ASSOCIATION OF CHIEFS OF POLICE

### FALL CONFERENCE

September 8 – 9, 2010

Crowne Plaza Hotel and Conference Center at  
Historic Union Station, Indianapolis

### Featuring Keynote Speaker Bill Lewinski, Ph.D.

UNDERSTANDING AND APPLYING FORCE SCIENCE CONCEPTS IN OFFICER-INVOLVED SHOOTINGS AND OTHER FORCE ENCOUNTERS

Dr. Bill Lewinski is the co-founder and executive director of The Force Science Institute ([www.forcescience.org](http://www.forcescience.org)), which was launched in June 2004 and is headquartered in Mankato, Minnesota. The Institute's mission is to scientifically determine and fully understand the true dynamics of force encounters – what actually happens between officers and offenders in fluid, rapidly unfolding, life-or-death confrontations.

Dr. Lewinski has a Ph.D. in police psychology, a subject he has studied for more than three decades. He is a full professor in the Law Enforcement Program at Minnesota State University, Mankato where until recently he taught full-time for more than two decades.

He has interviewed more than 1,000 officers who have been involved in deadly force incidents and he has conducted groundbreaking research that sheds light on the little understood and often ignored realities of deadly force encounters. This information has saved officers' lives on the street and has prevented some from going to prison when they were wrongly accused of criminally using deadly force.

Force Science Institute findings combined with Dr. Lewinski's expert courtroom testimony have made a dramatic impact on some of the highest profile use-of-force cases in the U.S. and the United Kingdom. His research has been published in numerous national law enforcement publications, Web sites and e-newsletters. Additionally, the work for The Force Science Institute is frequently cited in law enforcement training articles and classes worldwide.

Through ground-breaking research into the human dynamics involved in complex, rapidly unfolding force encounters, the Force Science Institute, founded and directed by Dr. Bill Lewinski, has had a profound impact on law enforcement. During his presentation for the Indiana Association of Chiefs of Police, Dr. Lewinski will discuss the Institute's revolutionary findings relative to human performance under extreme stress, action/reaction timing, visual and auditory anomalies that surface during life-threatening scenarios, memory and recall challenges and other issues that can have a tremendous impact on the thoroughness and accuracy of investigations into officer-involved shootings and other force encounters.

### Fall Conference Highlights

The annual IACP Fall Conference provides an opportunity for Federal and State agencies to provide briefings of importance to you for your departments and communities.

### Conference Schedule

#### Wednesday, September 8, 2010

|                   |  |
