

Bill Status Report

IACP Enrolled Acts

Run time: Wed Mar-29-2006, 11:47AM

- **HB1028** *Firearms and self-defense.*

Specifies that a person: (1) is justified in using deadly force; and (2) does not have a duty to retreat; if the person reasonably believes that force is necessary to prevent serious bodily injury to the person or a third person or the commission of a forcible felony. Specifies that a person: (1) is justified in using reasonable force, including deadly force, against another person; and (2) does not have a duty to retreat; if the person reasonably believes that the force is necessary to prevent or terminate the other person's unlawful entry of or attack on the person's dwelling, curtilage, or occupied motor vehicle.

- **HB1093** *Offenses on school property or against school employees.*
Makes possessing a knife on school property or on a school bus a Class B misdemeanor. Makes the offense a Class A misdemeanor if the offender has a previous unrelated conviction and a Class D felony if the offense results in bodily injury or serious bodily injury to another person. Adds battery against, and the harassment of, a school employee to the list of offenses that must be reported to a local law enforcement agency.

- **HB1108** *Aggressive driving and criminal recklessness.*
 Defines "aggressive driving". Makes aggressive driving a Class A misdemeanor if it is done knowingly or intentionally with the intent to harass or intimidate a person in another vehicle, and provides that the offense does not apply to law enforcement officers engaged in their official duties. Makes criminal recklessness: (1) a Class D felony instead of a Class B misdemeanor if the offense is committed by a person who committed aggressive driving that results in serious bodily injury to another person; and (2) a Class C felony instead of a Class B misdemeanor if the offense is committed by a person who committed aggressive driving that results in the death of another person. Makes criminal recklessness a Class C felony instead of a Class B misdemeanor if it is committed by shooting a firearm into an inhabited dwelling or other building or place where people are likely to gather. (Current law requires that the shooting be done from a vehicle.)

- **HB1155** *Sex offenders.*

Transfers oversight of the sex offender registry from the criminal justice institute to the department of correction (DOC). Eliminates the sex and violent offender directory, transfers its functions to the sex offender registry, and requires the criminal justice institute to seek grants to support the sex offender registry. Removes a provision requiring a sex offender to register using a "registration form", and requires the DOC to establish a format for registration. Requires the DOC to transmit information concerning sex offenders to a neighborhood association, or to provide instructional material in the use of the sex offender registry. Requires the DOC to inform and train judges, prosecuting attorneys, law enforcement officials, and others in the sex offender registration procedure. Requires that the sex offender registry be updated daily and be available on the Internet, requires incarcerated sex offenders to register before being released, and shortens certain registration periods. Establishes a procedure for determining which out of state sex offenders residing in Indiana are required to register and how long they are required to register. Permits the DOC to reduce good time credit for a sex offender who does not participate in a sex offender treatment program or who does not register before being released from incarceration. Specifies that a sex offender's principal residence is the residence where the offender spends the most time. Imposes additional registration and notification requirements on sex offenders, including a requirement that a sexually violent predator notify law enforcement officials if the predator will be absent from the predator's principal residence for more than 72 hours. Requires a sexually violent predator to initially register not more than 72 hours after release from incarceration or supervision, and requires all sex offenders to register in person at least once per year. Requires a sex offender to possess a valid driver's license or state identification card. Requires a sex offender who temporarily resides in transitional housing to register once every seven days, and requires a local law enforcement authority to personally visit the listed address of a sex offender. Provides various penalties for violations of these provisions. Makes conforming amendments. Repeals

certain provisions concerning the criminal justice institute's duties with respect to sex offenders. Provides that a sexually violent predator who commits an offense after June 30, 2006, must be placed on lifetime parole when the person's term of imprisonment is completed. Provides that a person who violates a condition of lifetime parole after the person's lifetime parole has been revoked two or more times or after completing the person's sentence (including any credit time) commits a Class D felony if the violation involves contact with a child or a victim of the child molesting offense of which the person was convicted, and a Class C felony if the person has a prior unrelated lifetime parole violation conviction. Specifies that a sexually violent predator in another state whose parole is transferred to Indiana may also be required to be placed on lifetime parole. Provides that, if a person being supervised on lifetime parole is also required to be supervised by a probation department or similar agency, the probation department or similar agency may have sole supervision of the person if the parole board finds that supervision by the probation department or other agency will be at least as stringent and effective as supervision by the parole board. Prohibits a sexually violent predator from obtaining a waiver for certain residency restrictions imposed as part of probation or parole, and requires the department of correction to report to the budget committee before August 1, 2006, concerning the feasibility of recovering the expense of GPS monitoring from an offender. Requires a sexually violent predator placed on lifetime parole to wear a GPS monitoring device. Requires the department of correction to report annually to the legislative council concerning the department's implementation of lifetime parole and GPS monitoring of sex offenders, including information concerning costs, recidivism, and proposals to reduce cost or increase efficiency. Requires the sentencing policy study committee to study issues related to sex offenders, including: (1) lifetime parole; (2) GPS monitoring; (3) a classification system for sex offenders; (4) recidivism; and (5) treatment. Specifies that a sex offender's principal residence is the residence where the offender spends the most time. Expands the definition of a "sexually violent predator" to include persons at least 18 years of age who commit certain offenses and persons who commit an offense for which they must register as a sex offender who have a prior conviction for an offense for which they would be required to register as a sex offender. Prohibits a

sexually violent predator from working or volunteering on school property or at a public park or youth program center or at an amusement attractive to children. Prohibits certain sex offenders from residing within: (1) 1,000 feet of a school, public park, or youth program center; or (2) one mile of the victim's residence. Provides that the DNA exception to the statute of limitations for Class B, C, and D felonies applies when DNA analysis provides evidence sufficient to charge a person with an offense. (Currently the DNA exception applies when DNA analysis permits the discovery of the offender's identity.) Requires certain persons not committed to the department of correction to submit a DNA sample. Adds crimes committed in other states that are substantially similar to certain Indiana sex crimes to the list of underlying offenses that permit a person to be charged as a repeat sexual offender. Permits a court or the parole board to prohibit a probationer or parolee who has been convicted of stalking from residing within 1,000 feet of the home of the victim. Provides various penalties for violations of these provisions. Prohibits a juvenile court from appointing a person to serve as the guardian or custodian of a child if the person is a sexually violent predator or has committed certain sex offenses. Adds a board certified psychologist or psychiatrist appointed by the governor to the sentencing policy study committee to act as a nonvoting advisor to the committee. Makes certain other changes and conforming amendments. Makes delivering contraband directly or indirectly to an inmate who is outside of a penal institution a Class A misdemeanor. Makes the offense a Class D felony if the contraband is a controlled substance and a Class C felony if the contraband is an item that may be used as a weapon. Authorizes a court to require a repeat offender who is placed on bail and supervised by a probation officer or pretrial services agency to pay a pretrial services fee to defray the cost of supervision by the probation department or pretrial services agency if the person has the financial ability to pay the fee and the court finds by clear and convincing evidence that supervision by the probation department or pretrial services agency is necessary to ensure: (1) the defendant's appearance in court; or (2) the physical safety of another person or the community. Specifies that the pretrial services fee does not apply in city or town courts. Provides that the fee is divided between the county supplemental adult probation services fund and the county supplemental public defender services fund. Prohibits the

bureau of motor vehicles from issuing or reinstating the license of a person who has not paid the person's pretrial services fee upon the person's conviction. Specifies that an order to pay the fee is immediately terminated if a defendant is acquitted or charges are dropped, and makes other changes relating to the collection and distribution of the fee. Makes it promotion of human trafficking, a Class B felony, for a person to recruit, harbor, or transport another person to: (1) engage the other person in forced labor or involuntary servitude; or (2) force the other person into marriage or prostitution. Makes it sexual trafficking of a minor, a Class A felony, for certain individuals to sell or transfer custody of a child less than 18 years of age for the purpose of prostitution. Makes it human trafficking, a Class C felony, for a person to pay for an individual whom the person knows has been forced into forced labor, involuntary servitude, or prostitution. Requires a court to order a person convicted of a human and sexual trafficking offense to pay restitution to the victim of the offense. Establishes a civil cause of action for victims of human and sexual trafficking offenses. Requires law enforcement officers and the division of family resources to provide certain assistance to victims of human and sexual trafficking offenses. Adds human and sexual trafficking crimes to the list of crimes that: (1) invoke certain procedures for evidence concerning protected persons; (2) can be a crime of domestic violence; (3) can be murder if a person is killed during the commission of the crime; and (4) can be a "racketeering activity". Requires the sentencing policy study committee to study issues related to human trafficking. Requires the law enforcement training board to establish minimum standards for a course of study on human and sexual trafficking that must be required for each person accepted for training at a law enforcement training school or academy and for inservice training programs for law enforcement officers.

- **HB1156** *Various provisions concerning courts.*

Limits the amount of an excessive property tax levy for new court operating expenses to the estimate by the taxing unit operating the court of the court's expenses for its first year of operation. Lists the costs that qualify for the excessive levy. Requires jury commissioners to use only lists approved by the supreme court to determine the names of prospective jurors to be included in a jury pool. Removes provisions that allow the commissioners to select names from various other sources. Repeals definitions of "voter registration lists". Prohibits an employer from: (1) subjecting an employee to an adverse employment action because of the employee's jury service; and (2) requiring an employee to use vacation or other leave for jury duty. Increases the number of judges on the Marion superior court from: (1) 32 to 35 judges beginning January 1, 2007; and (2) 35 to 36 judges beginning January 1, 2009. Increases the total number of magistrates that a majority of the Marion superior court may appoint from four to eight beginning January 1, 2008. Increases the court administration fee from \$2 to \$3. Permits a court to establish a domestic relations court and a domestic relations counseling bureau, and authorizes a court to charge a fee for providing domestic relations counseling services if the county fiscal body has approved a schedule of fees for domestic relation counseling services. (Current law permits only Marion county and Lake county to establish a domestic relations counseling bureau). Makes other changes.

- **HB1176** *Handgun license renewal.*

Provides that the period during which an application for the renewal of a handgun license may be filed begins 180 days before the license expires. Requires the superintendent of the state police (superintendent) and local law enforcement agencies to allow an applicant desiring to obtain or renew a license to carry a handgun to submit an application electronically if federal funds are available to establish and maintain an electronic application system. Requires the superintendent to keep on file one set of fingerprints from each applicant if an electronic application system is established. Requires the state to participate in the National Instant Criminal Background Check System (NICS) for firearms sales if federal funds are available to assist the state in participating in the NICS. Repeals provisions: (1) relating to an audit of the destruction of handgun purchase records by the attorney general; (2) describing state police procedures in reference to a background check request by a handgun dealer; (3) specifying a handgun buyer's right to review and correct criminal history information; (4) establishing a criminal penalty for obtaining criminal history information under false pretenses; and (5) establishing a criminal history check fee. Permits a person to apply for and receive a lifetime handgun license. Requires a person applying for a lifetime handgun license to pay a fee of: (1) \$125 for a lifetime unlimited license if the person does not currently possess a valid handgun license; (2) \$100 for a lifetime unlimited license if the

person currently possesses a valid handgun license; (3) \$75 for a lifetime qualified license if the person does not currently possess a handgun license; and (4) \$60 for a lifetime qualified license if the person currently possesses a handgun license. Provides that the local law enforcement agency that initially processes the license application retains: (1) \$50 if the person does not currently possess a valid handgun license; and (2) \$40 if the person currently possesses a valid handgun license; the state receives the remaining fee. Increases the fee for a four-year license to \$30, and raises the fee for a replacement license to \$20. Provides that handgun license fees are to be deposited in the state general fund. Provides that if revenues from handgun license fees exceed \$1,100,000 during a state fiscal year, the excess is appropriated to the state police department for expenses related to the central repository for criminal history data or an electronic log to record the sale of drugs containing ephedrine or pseudoephedrine. Requires a person who may have become disqualified from holding a license to notify the superintendent within 30 days. Makes other changes and conforming amendments.

- **HB1235** *Isolation, and quarantine, and health matters.*

Establishes the procedure for a public health authority to obtain or issue an order to restrict the movement of an

individual in the least restrictive manner when there is evidence that the individual has been exposed to a communicable disease, and requires a public health authority to distribute certain information to the public. Prohibits a public health authority from prohibiting a person from possessing a firearm unless the person is in a mass quarantine location, and prohibits the removal of a firearm from a person's home. Establishes certain procedures concerning immunizations. Provides that a person, facility, or other location that meets certain criteria is immune from civil liability resulting from an act or omission in providing health care services during an event that is declared a disaster emergency, even if the services were provided before or after the disaster emergency declaration. Makes it a Class A misdemeanor to violate the conditions of quarantine or isolation. Provides an exemption to food sanitation law for specified organizations under certain circumstances until January 1, 2008. Repeals superseded provisions concerning the isolation of certain individuals.

- **SB0006** *Sex offenders.*

Provides that a sexually violent predator who commits an offense after June 30, 2006, must be placed on lifetime parole when the person's term of imprisonment is completed. Provides that a person who violates a condition of lifetime parole after the person's lifetime parole has been revoked two or more times or after completing the person's sentence (including any credit time) commits a Class D felony if the violation involves contact with a child or a victim of the child molesting offense of which the person was convicted, and a Class C felony if the person has a prior unrelated lifetime parole violation conviction. Specifies that a sexually violent predator in another state whose parole is transferred to Indiana may also required to be placed on lifetime parole. Provides that, if a person being supervised on lifetime parole is also required to be supervised by a probation department or similar agency, the probation department or similar agency may have sole supervision of the person if the parole board finds that supervision by the probation department or other agency will be at least as stringent and effective as supervision by the parole board. Prohibits a sexually violent predator from obtaining a waiver for certain residency restrictions imposed as part of probation or parole, and requires the department of correction to report to the budget committee before August 1, 2006, concerning the feasibility of recovering the expense of GPS monitoring from an offender. Requires a sexually violent predator placed on lifetime parole to wear a GPS monitoring device. Requires the department of correction to report annually to the legislative council concerning the department's implementation of lifetime parole and GPS monitoring of sex offenders, including information concerning costs, recidivism, and proposals to reduce cost or increase efficiency. Requires the sentencing policy study committee to study issues related to sex offenders, including: (1)

lifetime parole; (2) GPS monitoring; (3) a classification system for sex offenders; (4) recidivism; and (5) treatment. Adds a psychiatrist or psychologist to the sentencing policy study committee as a nonvoting advisor.

- **SB0012** *Sex offenders.*

Transfers oversight of the sex offender registry from the criminal justice institute to the department of correction (DOC). Eliminates the sex and violent offender directory, transfers its functions to the sex offender registry, and requires the criminal justice institute to seek grants to support the sex offender registry. Removes a provision requiring a sex offender to register using a "registration form" and requires the DOC to establish a format for registration. Requires the DOC to transmit information concerning sex offenders to a neighborhood association or to provide instructional material in the use of the sex offender registry. Requires the DOC to inform and train judges, prosecuting attorneys, law enforcement officials, and others in the sex offender registration procedure. Requires that the sex offender registry be updated daily and be available on the Internet, requires incarcerated sex offenders to register before being released, and shortens certain registration periods. Establishes a procedure for determining which out of state sex offenders residing in Indiana are required to register and how long they are required to register. Permits the DOC to reduce good time credit for a sex offender who does not participate in a sex offender treatment program or who does not register before being released from incarceration. Specifies that a sex offender's principal residence is the residence where the offender spends the most time. Imposes additional registration and notification requirements on sex offenders, including a requirement that a sexually violent

predator notify law enforcement officials if the predator will be absent from the predator's principal residence for more than 72 hours. Requires a sexually violent predator to initially register not more than 72 hours after release from incarceration or supervision, and requires all sex offenders to register in person at least once per year. Requires a sex offender to possess a valid driver's license or state identification card. Requires a sex offender who temporarily resides in transitional housing to register once every seven days, and requires a local law enforcement authority to personally visit the listed address of a sex offender. Provides various penalties for violations of these provisions. Makes conforming amendments. Repeals certain provisions concerning the criminal justice institute's duties with respect to sex offenders. Expands the definition of a "sexually violent predator" to include persons over 18 years of age who commit certain offenses and persons who commit an offense for which they must register as a sex offender who have a prior conviction for an offense for which they would be required to register as a sex offender. Prohibits a sexually violent predator from working or volunteering on school property, at a public park or youth program center, or at an amusement attractive to children. Prohibits certain sex offenders from residing within: (1) 1,000 feet of a school, public park, or youth program center; or (2) one mile of the victim's residence. Provides that the DNA exception to the statute of limitations for Class B, C, and D felonies applies when DNA analysis provides evidence sufficient to charge a person with an offense. (Currently the DNA exception applies when DNA analysis permits the discovery of the offender's identity.) Requires certain persons not committed to the department of correction to submit a DNA sample. Adds crimes committed in other states that are substantially similar to certain Indiana sex crimes to the list of underlying offenses that permit a person to be charged as a repeat sexual offender. Permits a court or the parole board to prohibit a probationer or parolee who has been convicted of stalking from residing within 1,000 feet of the home of the victim. Provides various penalties for violations of these provisions. Provides that a sexually violent predator who commits an offense after June 30, 2006, must be placed on lifetime parole when the person's term of imprisonment is completed. Provides that a person who violates a condition of lifetime parole after the person's lifetime parole has been revoked two or more times or after completing the person's sentence (including any credit

time) commits a Class D felony if the violation involves contact with a child or a victim of the child molesting offense of which the person was convicted, and a Class C felony if the person has a prior unrelated lifetime parole violation conviction. Specifies that a sexually violent predator in another state whose parole is transferred to Indiana may also be required to be placed on lifetime parole. Provides that, if a person being supervised on lifetime parole is also required to be supervised by a probation department or similar agency, the probation department or similar agency may have sole supervision of the person if the parole board finds that supervision by the probation department or other agency will be at least as stringent and effective as supervision by the parole board. Prohibits a sexually violent predator from obtaining a waiver for certain residency restrictions imposed as part of probation or parole, and requires the department of correction to report to the budget committee before August 1, 2006, concerning the feasibility of recovering the expense of GPS monitoring from an offender. Requires a sexually violent predator placed on lifetime parole to wear a GPS monitoring device. Requires the department of correction to report annually to the legislative council concerning the department's implementation of lifetime parole and GPS monitoring of sex offenders, including information concerning costs, recidivism, and proposals to reduce cost or increase efficiency. Requires the sentencing policy study committee to study issues related to sex offenders, including: (1) lifetime parole; (2) GPS monitoring; (3) a classification system for sex offenders; (4) recidivism; and (5) treatment. Adds a board certified psychologist or psychiatrist with expertise in treating sex offenders who is appointed by the governor as a nonvoting advisor to the sentencing policy study committee. Makes certain other changes and conforming amendments. Makes it a Class D felony to rent matter that is harmful to a minor within 500 feet of a school or church.

- **SB0055** *Public safety deferred retirement option plan.*
 For members of the 1925 fund, the 1937 fund, or the 1953
 fund, ties the expiration of the public safety deferred
 retirement option plan (DROP) to the expiration of
 distributions from the pension relief fund that ensure that
 at least 50% of the pension liability of each unit of local

government is paid from the pension relief fund. For members of the 1977 fund, eliminates the expiration of the DROP. Provides that the death benefits for an employee beneficiary of a county retirement plan established by the sheriff's department who dies in the line of duty are calculated under the provisions of the county's retirement plan as if the employee beneficiary had never entered a DROP, if: (1) the employee beneficiary dies in the line of duty before payment of the employee beneficiary's monthly pension amount begins; and (2) the calculation of a death benefit under the provisions of a county's retirement plan depends upon whether an employee beneficiary dies in the line of duty or other than in the line of duty. (The introduced version of this bill was prepared by the pension management oversight commission.)

- **SB0057** *Pension fund administrative issues.*

Authorizes a state agency to release an individual's Social Security number for the purpose of administering a state retirement fund or deferred compensation plan. Establishes a review process for an impairment awarded because a local pension board did not act in a timely manner. Extends the pilot program for the legislators' defined contribution plan until July 1, 2007. (The introduced version of this bill was prepared by the pension management oversight commission.)

- **SB0083** *Resisting law enforcement and deadly weapons.*
Provides that a taser, electronic stun weapon, chemical, or other device that is designed to temporarily incapacitate a person is not a deadly weapon if it is used by a law enforcement officer: (1) who is trained to use the weapon; (2) who employs the weapon in accordance with the law enforcement officer's training; and (3) while lawfully engaged in the execution of official duties. Imposes a mandatory minimum sentence for a person who commits resisting law enforcement and: (1) draws or uses a deadly weapon, inflicts bodily injury on or causes bodily injury to another person, or operates a vehicle in a manner that creates a substantial risk of bodily injury to another person; (2) operates a vehicle in a manner that causes serious bodily injury to another person; or (3) operates a motor vehicle in a manner that causes the death of another person.

- **SB0191** *Photos in criminal history files.*

Provides that a sheriff, police department, or criminal justice agency required to report an arrest to the state central repository for criminal history data shall transmit a photograph of the person who is the subject of the report at the time the arrest is reported. Allows the state police department to adopt guidelines concerning the method of transmitting photographs, and requires a person submitting the photograph to follow the department's guidelines. Includes a photograph as part of the information that may be obtained in a limited criminal history.

- **SB0193** *Controlled substances.*

Permits the destruction of chemically contaminated equipment used in the illegal manufacture of a controlled substance if certain conditions are met. Provides that a law enforcement officer has the right to inspect a retailer's log of ephedrine or pseudoephedrine sales. Prohibits a person from selling or releasing a log or the records from the completion of a log for commercial purposes. Allows the Indiana criminal justice institute to obtain information concerning a log or the records from the completion of a log from a law enforcement officer if the information may not be used to identify a specific individual and is used only for statistical purposes. Prohibits the possession of two or more precursors with the intent to manufacture a controlled substance, and makes the possession of anhydrous ammonia with the intent to manufacture amphetamine a Class D felony that may be

enhanced under certain circumstances. Requires a law enforcement agency that discovers a child less than 18 years of age at a drug laboratory to notify the department of child services. Defines "methamphetamine abuse" and requires law enforcement agencies to report methamphetamine abuse to the criminal justice institute. Removes methamphetamine from the crimes of: (1) dealing in cocaine, a narcotic drug, or methamphetamine; and (2) possession of cocaine, a narcotic drug, or methamphetamine; and establishes new crimes of dealing in methamphetamine and possession of methamphetamine. Specifies that, for purposes of the law concerning motor vehicles, a person is intoxicated if the person is under the influence of: (1) model glue or certain other substances; or (2) nitrous oxide. Defines inhaling a toxic vapor, a Class B misdemeanor, as the act of ingesting or inhaling, with intent to cause a condition of intoxication, euphoria, excitement, exhilaration, stupefaction, or dulling of the senses, the fumes of amyl butrate, isobutyl nitrate, freon, chlorinated hydrocarbons, methylene chloride, hexane, ether, chloroform, halothane, or any other chemical having the property of releasing toxic vapors. Makes conforming amendments.

- **SB0206** *Public safety disability pensions.*

Creates a presumption that a police officer, firefighter, or emergency medical services provider who incurs a disability from certain cancers or a heart or lung disease while actively employed has incurred a disability in the line of duty. Excludes the use of the presumption by a police officer, firefighter, or emergency medical services provider who has used tobacco products in any form in the last five years. Allows a meeting or hearing held to rebut the presumption to be held as an executive session. Provides that a line of duty disability benefit retains the status of a disability benefit for the life of the disabled member.

- **SB0232** *Jury service exemptions.*
Eliminates automatic exemptions from jury service. Permits
a person called for jury service to receive one deferral
for up to one year if the juror selects an alternate date
and the deferral is necessary due to hardship, extreme
inconvenience, or necessity. Protects a person called for
jury service from being subjected to adverse employment
actions. Prohibits employers from requiring or requesting
employees to use annual vacation or sick leave for jury
service. Repeals a provision concerning jury service
exemptions in Lake County.

- **SB0246** *Sex offenders.*

Specifies that a sex offender's principal residence is the residence where the offender spends the most time. Expands the definition of a "sexually violent predator" to include persons above the age of 18 who commit an offense against a child less than 12, persons with certain prior convictions, and persons who used deadly force, used a deadly weapon, or caused serious bodily injury in the commission of a sex offense. Prohibits a sexually violent predator from working or volunteering on school property or at a public park or youth program center. Prohibits certain sex offenders from residing within: (1) 1000 feet of a school, public park, or youth program center; or (2) one mile of the victim's residence. Provides that the DNA exception to the statute of limitations for Class B, C, and D felonies applies when DNA analysis provides evidence sufficient to charge a person with an offense. (Currently the DNA exception applies when DNA analysis permits the discovery of the offender's identity.) Adds crimes committed in other states that are substantially similar to certain Indiana sex crimes to the list of underlying offenses that permit a person to be charged as a repeat sexual offender. Provides various penalties for violations of these provisions. Makes certain other changes.

- **SB0247** *Various homeland security matters.*

Adds the department of homeland security's building law compliance officer to the certification board that administers the provisions concerning qualifications for state public works projects. Establishes the Indiana intelligence fusion center (fusion center) to collect, maintain, and analyze intelligence information and other information relating to criminal activity or terrorism. Designates the counterterrorism and security council (CTASC) and the fusion center as criminal justice agencies. Allows CTASC to hold executive sessions and exempts certain records of CTASC and fusion center from the open records law. Combines five funds managed by the department of homeland security into the homeland security fund. Provides that money in the homeland security fund reverts to the fire and building services fund if the homeland security foundation is terminated. Modifies the membership of the board of firefighting personnel standards and education. Allows a volunteer fire department to declare its personnel records confidential. Permits the department of correction to read mail to and from offenders unless the mail is privileged. Prohibits the department of correction from disclosing the contents of this mail unless certain conditions are met. Repeals the specific rulemaking procedures of the fire prevention and building safety commission. Makes conforming amendments and technical corrections.

- **SB0283** *Emergency telephone notification system.*
 Authorizes a county or municipality to establish an
 emergency telephone notification system to warn service
 users of emergencies. Grants civil immunity to a service
 supplier or telephone company in conjunction with operating
 an emergency telephone notification system.
