Requires the superintendent of the state police department to biennially produce a report analyzing the costs associated with operation of a vehicle crash records system as compared to the costs of having a private vendor operate a vehicle crash records system, and authorizes the superintendent to use the rulemaking process to increase the fee if the report analyzing the costs associated with the vehicle crash records system demonstrates the need for a higher fee. Prohibits political subdivisions or local law enforcement agencies of political subdivisions from imposing or collecting an accident response service fee on or from the driver of a motor vehicle or any other person involved in a motor vehicle accident. Exempts certain preexisting contracts from the eight dollar fee cap for a copy of an accident report.
